Product Description:	The Hot & Sexy V1 Mutual Fund is a regrouping of companies from the JaZoN Ex. that combine to create erotic sensations and experiences during the living process. It is more heavily weighted towards the physical sensations on the JaZoN Body Ex. than actual experiences of the JaZoN Life Ex . Value is produced and sustained by natural chemicals produced by the brain everyday to stimulate sexual desire. Price volatility depends mostly on external factors notably work load and weather. Liquidity also must be taken into account, as exchanges must fall within a strict criterion of beauty.
Investment Purpose:	The capital featured in the Hot & Sexy V1 Mutual fund is structured to allow investors’ portfolio to profit from earnings produced by the natural occurrence of organic chemicals providing the overwhelming desire to fornicate. The Fund features seasonal adjusted cycles with a stable medium term growth.
